

**For immediate release**

**20 November 2006**

## **Sphere Medical Holding PLC**

### **Conversion to Public Limited Company**

**Sphere Medical Holding PLC** ('Sphere Medical' or 'Sphere'), the Cambridge (UK) based medical microsystems company, is pleased to announce that, having previously been registered as a private company Sphere Medical Holding Limited, on 10 November 2006 the Registrar of Companies for England and Wales re-registered the company as a public company under the Companies Act 1985 under the name Sphere Medical Holding PLC. The company is limited.

**Dr. Stuart Hendry, CEO of Sphere Medical, said:** "We are pleased to have public company status, which we felt was an important step for a company with increasing external profile and with a shareholder base as wide as ours."

#### **Notes for editors:**

Sphere Medical is developing highly innovative monitoring products to provide clinical and economic benefits in the critical care environment, based on its own proprietary technology. The products allow minimally invasive, real time measurement of clinical chemistry parameters and therapeutic drug concentrations, giving healthcare professionals the information they require to more effectively manage therapy and optimise patient outcomes. Sphere Medical, which was founded in 2002, is based in Cambridge, UK. For further information please see [www.spheremedical.com](http://www.spheremedical.com)
